**Killers of the Dream**-Lillian Eugenia Smith
1994 A documentary of the destructive powers of segregation and apathy as written from the experiences and insights of a Southerner

1961 Published to wide controversy, it became the source (acknowledged or unacknowledged) of much of our thinking about race relations and was for many a catalyst for the civil rights movement. It remains the most courageous, insightful, and eloquent critique of the pre-1960s South. "I began to see racism and its rituals of segregation as a symptom of a grave illness," Smith wrote. "When people think more of their skin color than of their souls, something has
happened to them." Today, readers are rediscovering in Smith's writings a forceful analysis of the dynamics of racism, as well as her prophetic understanding of the connections between racial and sexual oppression.

**Strange Fruit**-Lillian Eugenia Smith 1992
Prelude and aftermath of a lynching in Georgia, depicting the South's unsolved racial problem.

**How Am I to Be Heard?**-Margaret Rose Gladney 2018-06-15 This compelling volume offers the first full portrait of the life and work of writer Lillian Smith (1897-1966), the foremost southern white liberal of the mid-twentieth century. Smith devoted her life to lifting the veil of southern self-deception about race, class, gender, and sexuality. Her books, essays, and especially her letters explored the ways in which the South's attitudes and institutions perpetuated a dehumanizing experience for all its people--white and black, male and female, rich and poor. Her best-known books are Strange Fruit (1944), a bestselling interracial love story that brought her international acclaim; and Killers of the Dream (1949), an autobiographical critique of southern race relations that angered many southerners, including powerful moderates. Subsequently, Smith was effectively silenced as a writer. Rose Gladney has selected 145 of Smith's 1500 extant letters for this volume. Arranged chronologically and annotated, they present a complete picture of Smith as a committed artist and reveal the burden of her struggles as a woman, including her lesbian relationship with Paula Snelling. Gladney argues that this triple isolation--as woman, lesbian, and artist--from mainstream southern culture permitted Smith to see and to expose southern prejudices with absolute clarity.
In the 1949 classic Killers of the Dream, Lillian Smith described three racial "ghosts" haunting the mind of the white South: the black woman with whom the white man often had sexual relations, the rejected child from a mixed-race coupling, and the black mammy whom the white southern child first loves but then must reject. In this groundbreaking work, Robert H. Brinkmeyer, Jr., extends Smith's work by adding a fourth "ghost" lurking in the psyche of the white South -- the specter of European Fascism. He explores how southern writers of the 1930s and 1940s responded to Fascism, and most telling to the suggestion that the racial politics of Nazi Germany had a special, problematic relevance to the South and its segregated social system. As Brinkmeyer shows, nearly all white southern writers in these decades felt impelled to deal with this specter and with the implications for southern identity of the issues raised by Nazism and Fascism. Their responses varied widely, ranging from repression and denial to the repulsion of self-recognition. With penetrating insight, Brinkmeyer examines the work of writers who contemplated the connection between the authoritarianism and racial politics of Nazi Germany and southern culture. He shows how white southern writers -- both those writing cultural criticism and those writing imaginative literature -- turned to Fascist Europe for images, analogies, and metaphors for representing and understanding the conflict between traditional and modern cultures that they were witnessing in Dixie. Brinkmeyer considers the works of a wide range of authors of varying political stripes: the Nashville Agrarians, W. J. Cash, Lillian Smith, William Alexander Percy, Thomas Wolfe, William Faulkner, Katherine Anne Porter, Carson McCullers, Robert Penn Warren, and Lillian Hellman. He argues persuasively that by engaging in their works the vital contemporary debates about totalitarianism and democracy,
these writers reconfigured their understanding not only of the South but also of themselves as southerners, and of the nature and significance of their art. The magnum opus of a distinguished scholar, The Fourth Ghost offers a stunning reassessment of the cultural and political orientation of southern literature by examining a major and heretofore unexplored influence on its development.

**Inside Agitators** - David L. Chappell 1996-04-22

"With keen insight, Chappell argues that not only were white southerners far from solid in their commitment to segregation during the civil rights era, but that the movement actively exploited and widened their divisions to achieve both local victories and federal intervention." -- Mark Newman, Journal of American Studies

"One of the many virtues of David Chappell's fascinating study is that he does not romanticize white southerners who were sympathetic toward the civil rights movement. Rather than depicting them simply as courageous dissenters, he shows that their motives for supporting civil rights reform were varied and complex -- a mixture of altruism, pragmatism, paternalism, guilt, and numerous other idiosyncratic sentiments." -- Clayborne Carson, Editor of the Papers of Martin Luther King Jr.

"Chappell is to be commended for struggling with hard questions about historical causation." -- Robert J. Norrell, Journal of American History

**Goldberger's War** - Alan M. Kraut 2021-05-25

Goldberger's War chronicles one of the U.S. Public Health Service's most renowned heroes--an immigrant Jew who trained as a doctor at Bellevue, became a young recruit to the federal government's health service, and ended an American plague. He did so by defying conventional wisdom, experimenting on humans, and telling the South precisely what it didn't want to hear.
Lillian Porter has always wanted to fulfill her mother's dream of going west, so when she hears about a nanny position in Angels Camp, California, she defies her grandfather and takes a chance on a new future. But she quickly wonders if she made the right choice. There are rumors in town that her new employer, Woodward Colton, caused the death of his wife. This accusation doesn't match the man Lillian comes to know—and Mrs. Goodman, Woody's long-time housekeeper, is decisively on Woody's side—but many in town stay far away from Lillian because of her association with the Colton family. Lillian's six-year-old charge, Jimmy, was there when his mother died, and he hasn't spoken a word since. Gently, Lillian tries to coax him out of his shell, hoping he'll one day feel safe enough to tell her the truth about what happened. But the Colton olive farm is no longer a safe place. Lillian encounters suspicious characters on their land and mysterious damage done to the farm. Will Mrs. Goodman and Jimmy be able to speak what they know in time to save Lillian from tragedy?

Ely-Ely Green 1990 Ely Green was born in Sewanee, Tennessee, in 1893. His father was a member of the white gentry, the son of a former Confederate officer. His mother was a housemaid, the daughter of a former slave. In this small Episcopal community--home to the University of the South--Ely lived his early childhood oblivious to the implications of his illegitimacy and his parentage. He was nearly nine years old before he realized that being different from his white playmates was of any real significance. An incident at a local drugstore marked the beginning of what would be a painful rite of passage from an idyllic childhood through a tormented adolescence as Ely struggled to understand why he could not wholly belong to either his father's world or his mother's. "I was having a struggle within," he writes, ". . . learning to hate white people after I had been taught that they were all God's children and we are to love everybody." At age eighteen, still warring to reconcile one part of himself with the other, he fled the mountains of Tennessee--and a
brewing lynch mob--for the plains of Texas and a new beginning. Straightforwardly recounting his early life, rising above bitterness and pain, Ely Green gives his readers an astoundingly honest and poignant portrait of a young man trying to come to terms with race relations in the early twentieth-century South.

**Black Like Me**-John Howard Griffin 2006-04-01
This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

**Freedom's Coming**-Paul Harvey 2012-09-01 In a sweeping analysis of religion in the post-Civil War and twentieth-century South, Freedom's Coming puts race and culture at the center, describing southern Protestant cultures as both priestly and prophetic: as southern formal theology sanctified dominant political and social hierarchies, evangelical belief and practice subtly undermined them. The seeds of subversion, Paul Harvey argues, were embedded in the passionate individualism, exuberant expressive forms, and profound faith of believers in the region. Harvey explains how black and white religious folk within and outside of mainstream religious groups formed a southern "evangelical counterculture" of Christian interracialism that challenged the theologically grounded racism pervasive among white southerners and ultimately helped to end Jim Crow in the South. Moving from the folk theology of segregation to the women who organized the Montgomery bus boycott, from the hymn-inspired freedom songs of the 1960s to the influence of black Pentecostal preachers on Elvis Presley, Harvey deploys cultural history in fresh and innovative ways and fills a decades-old need for a comprehensive history of Protestant religion and its relationship to the central question of race in the South for the postbellum and twentieth-century period.

**The Myth of Race**-Robert Wald Sussman
Although eugenics is now widely discredited, some groups and individuals claim a new scientific basis for old racist assumptions. Pondering the continuing influence of racist research and thought, despite all evidence to the contrary, Robert Sussman explains why—when it comes to race—too many people still mistake bigotry for science.

**Killer of the Dream** - Lillian Smith 1963

**Morgan Harrington** - Gil Harrington 2017-03

"In her hands, Gil Harrington held both the abomination of her daughter's gap-toothed skull, and the mother of her daughter's killer, blessing them both. The phone rang that bright October morning: "Hello, this is the Charlottesville Police Department calling. We've found your daughter's purse on the ground..." For exactly 100 nights, Gil Harrington and her family stumbled, agonized, and learned to function in the uncharted hell of the Missing. Twenty-year old beautiful college co-ed Morgan Harrington, chock-a-block full of potential and promise, had gone to a concert and vanished. This is the story of a devastated mother crawling out of blind grief to become America's most skilled huntress. With love, eloquence, and social media as her only weapons, Gil Harrington pursued her daughter's murderer for five years until he was unmasked as the marauding serial murderer, the Back to School Killer who had hidden in plain sight as a genial, lumbering Charlottesville, Virginia cabbie. Morgan's mother was so crucial in the pursuit of the Back-to-School Rapist and Killer, Jesse Matthew, that Crime Stoppers recognized Gil and her non-profit foundation, Help Save the Next Girl, in solving what prosecutors called "the Super Bowl of Crime Cases." But Gil Harrington, this mother of a murdered precious daughter, is something very different from an investigator. Hers is one of the rare, intimate voices needed in our world right now, when fear and hatred are rampant. Her voice marries the pragmatism of an incisive oncology nurse and the originality of an authentic, raw prose-poet to give the world the
tool kit we all need to forge hope. Harrington's voice is joined by artist, Jane Lillian Vance, who attended Matthew's trials. Vance's essays witness Gil's grace, and the stunning alchemy of darkness into freedom." --

Hollings and former governor John C. West. De Laine Jr., Beatrice Brown Rivers, Charles McDew, Constance Curry, Matthew J. Perry Jr., Harvey B. Gantt, and Cleveland Sellers Jr. The volume concludes with essays by historians who bring this story to the present day.

In the tradition of *12 Years a Slave* and Lee Daniels’ *The Butler*, the provocative true account of the hanging of four black people by a white lynch mob in 1912—written by the great-granddaughter of the Sheriff charged with protecting them. Hamilton County, Georgia, 1912. A white man, the beloved nephew of the county Sheriff, is shot dead on the porch of a black woman. Days after the Sheriff is sworn into office, he oversees the lynching of a pregnant woman and three men, all African American. Now, in a personal account like no other, the great-granddaughter of that Sheriff, Karen Branan, digs deep into the past to deliver a shattering historical memoir a century after that gruesome day. In researching her family’s history, Branan spent nearly twenty years combing through diaries and letters, visiting the Harris County countryside and courthouse, and conversing with community elders to piece together the events and motives that led up to the lynching. But this is more than a historical narrative; throughout Branan weaves her own personal reflections about coming into touch with difficult, inexplicable feelings surrounding race and family, and ultimately challenging her own self-image as an educated, modern woman who transcends the racism practiced and experienced by the people who raised her. Part of that came with uncovering a startling truth: Branan is not only related to the Sheriff; she is a relative of the four African Americans as well. A story of racism, power, jealousy, and greed, *The Family Tree*
transports you to a small Southern town entrenched in racial tension and bound by family ties. What emerges is a gripping explanation of that awful day in history, but also the crucial issues that follow us into the present.
